Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. - During the period our Managing Director has continued advocating for gender equity in the property industry as a member of the Property Male Champions of Change group.

 - Our first cohort of employees undertook the Accelerate-Development program which includes on the job training and formal education, providing participants with a career pathway into the Development job family for those currently working in another area of the business.
 - We updated our 'What Stockland expects from its Suppliers' policy to influence and improve the diversity and inclusiveness of our supply chain. Suppliers tendering for business with Stockland now need to include a number of diversity and inclusion, human rights and indigenous employment proof points in their submissions. Partners with aligned diversity and inclusion policies will be given preference.
- Launched updated Domestic and Family Violence Policy to include uncapped leave for employees impacted by DFV or supporting a member of their family/household, as well as a range of flexible work options. We ran a 16 Days of Activism to end Gender-Based Violence leadership-led campaign to raise awareness of the prevalence of DFV and to promote the support we provide our people and our zero tolerance of perpetrators.
