

DO I REALLY NEED A MOUTHGUARD?

YES! Definitely

Why?

A mouthguard is highly recommended for anyone who participates in any type of contact sports such as football, boxing, karate and many others.

What does it do?

It protects from serious injuries like fractures jaws or broken teeth and also injuries to your lips and tongue.

Why should i get the custom mouth guard at the dentist?

A custom mouth guard is specifically designed to fit your teeth and therefore offers better protection and enhanced benefits.
